To protect your guests, our employees and our business, please be aware of our restaurant's policies. This is subject to change, based upon local COVID-19 case counts and positivity rate, as well as guidelines from the Los Angeles County Department of Public Health.

Cassia requires all eligible guests (over 12 years old) for the COVID-19 vaccin to show proof of full-vaccination OR a negative COVID-19 test taken within 72 hours when dining indoors.

For indoor events, the Client is responsible for making sure all guests arrive with proof of vaccination OR a negative COVID-19 viral test result prior to their admission to the event. By signing this policy, the Client agrees to provide this information to all guests. A \$100 charge has been added to cover the cost of a COVID officer of the restaurant to verify all documents upon arrival.

You can read about why we've made this decision on [our website](#).

- Proof of full vaccination or negative test results include:
 - Hard copies
 - Digital copies, such as photos, e-mails, text messages and online records (i.e., [California's Digital COVID-19 Vaccine Record](#) or the [Clear App](#))
- We cannot admit anyone to dine indoors at your event if they cannot provide proof of full vaccination or a negative test, so please ensure all your guests are notified of our policy well in advance.
- We will not retain anyone's proof of vaccination or test results, as this information will be shown to us upon entrance.
- For outdoor dining, we DO NOT require vaccination or test results.
- Per the LA County Department of Public Health:
 - Face masks are required indoors whenever you're not actively eating or drinking, regardless of vaccination status.
 - For those who are unvaccinated or partially vaccinated, face masks must be worn outdoors whenever you're not actively eating or drinking.
 - Children under 2 aren't required to wear a face mask.
- Guests should stay home if they're displaying COVID-19 symptoms, such as cough, shortness of breath, difficulty breathing, fever
